Complementary Studies

All candidates for the Bachelor of Arts degree in Anthropology must complete at least 12 units of complementary studies from courses outside the primary prefix for the major, and not cross listed with the primary prefix for the major. Students who complete a 2nd major, a minor, or a minimum of 12 units in an approved Study Abroad program, automatically complete the Complementary Studies requirement and units may be double counted toward the major where applicable.

Other options for complementary studies are: 1) Foreign Language: 12 units in a single foreign language; or 2) Related Subjects: 12 units of course work in related disciplines with the approval of an Anthropology Department advisor. Related disciplines typically included courses in the College of Ethnic Studies, Classics, Geology, Geography, Sexuality Studies, Sociology, History, Language Studies, and Women and Gender Studies. Up to 6 units may be double counted in fulfillment of the University-wide elective units for the major. Units may be upper division, lower division, transfer or resident units.

If complementary studies is in "Related fields" list the course numbers and titles in the box
